PERTINENT INFORMATION FOR VEHICLE STOP

T6B

I Tibor Gyula Balogh upon passing by on the Interstate freeway 35E and within visual range of the parked Texas Highway Patrol police car in the center divider of the road pressed my middle finger of my left hand up against the inside of the glass near the driver seat of my Motor Home making a rude gesture to the parked police car as I drove by 52-54 MPH. I did this based on several previous contacts with Texas DPS officers where for no reason at all I was yelled at, belittled or otherwise verbally abused and the over joyous relief I felt for having enough money to buy gas in order to be able to cross the entire state of Texas going west to other states where I had much better personal interaction with police on all occasions. My momentary lapse of good judgment caused me to express my emotion in the form of this rude gesture, I hereby apologize. Upon passing the police car it proceeded to follow me and I was pulled over to the shoulder of the road. Officer CORONADO of the Texas Department of Public Safety never mentioned to me weather he saw my offending gesture or not, he certainly has not cited me for it, nor has he given me summons to go to Court for judgment. I cannot rule in or rule out the impact of this rude gesture on the events for the rest of that day. If CORONADO saw my offending gesture and not cited me for it then I believe he formulated a plan to punish me for it instead, in place of brining me to Court for judgment. If CORONADO saw my offending gesture and proceeded on the course of action that actually took place that day then I believe he took the law into his own hands and punished me for my rude gesture with those events that occurred. If he did not see my rude gesture to him then there is no reason for me to believe intent to punish me for sending this rude gesture while I drove by his parked police car. Either way, I hereby apologize for my irresponsible expression of my emotion. | END
